

D-Core®

D-Core (Polyester core wrapped with Cotton)

D-Core RFD®

D-Core RFD (Ready for dying) Available in Light & Dark

PRODUCT DESCRIPTION

Made with a polyester continuous filament core and a cotton staple wrap, **D-Core®** is a high performance corespun thread designed to minimise sewing problems and maximise seam quality. **D-Core®** cotton wrap protects the polyester core minimising thread breakage due to needle heat. **D-Core®** delivers the ultimate in sewability on manual and multi-directional machines.

New **D-Core RFD®** (ready for dying) is our new ultimate thread for over dying. Available in Dark or Light for better colour consistency

FEATURES & BENEFITS

- Excellent uniformity for consistent performance
- Recommended for garments that will be subjected to enzyme, stone and chemical washes
- Cotton wrap gives superior resistance to needle heat during high speed sewing
- Is generally used where a washed down effect is needed

APPLICATION

- Jeans, Kids, Outerwear, Caps & Hats, Casual Bottoms & Pants, Dresses & Skirts
